Engineered for medium- and high-volume laundries where space is at a premium, the Compact+ 5-in-One Ironing System not only features a compact design, it quickly feeds, irons, folds, stacks and accumulates at speeds of up to 49-feet-per-minute — improving PPOH (pounds per operator hour).

**PRODUCT FEATURES**

**COMPACT DESIGN**
- Less space required for installation
- Increase production within a small space

**CAPABILITY TO PROCESS LARGE ITEMS**
- Processes large and king-sized pieces in a compact machine
- Feeds a large array — both size & shape — of linen
- Offers a wider range of laundering services to the customer
- Processes large dimension items with one operator

**INTELLI TOUCH-SCREEN CONTROL**
- Industrial touch screens
- Intuitive icons rather than text
- Durable design
- Easy-to-use and versatile

**CROSS-FOLD DESIGN**
- More control over the linen
- Adapts for varying fabric thicknesses
- The high position of the cross platform and access windows allow for easier maintenance and more control, visibility and accessibility of parts and linen
- Easy maintenance
- Reduced downtime

**ACCESSIBILITY**
- Quick access to common parts
- Increased visibility of linen improving quality control

**AUTOSPEED MODE**
- Maintains an even and stable temperature throughout ironing process
- Linen is perfectly dried in one pass
