Continental 'Clean Show' booths to showcase new products, specials and promotions

Oshkosh, Wis.—Continental Girbau Inc.'s (Continental) presence at "Clean '15" will be more global, interactive, personal and product-rich than ever, according to Joel Jorgensen, Continental vice president of sales and customer services. Booth 3111 is dedicated to vended laundries, while booth 3119 is focused on industrial and on-premise laundries. Visitors, according to Jorgensen, will enjoy product and financing promotions, as well as personal interaction with factory personnel, end-users and distributors.

At "Clean '15," Continental will partner with parent company – Girbau S.A., a worldwide provider of vended, on-premise and industrial laundry systems – for the most global laundry product offering on display, according to Jorgensen. "Our booths will illustrate Girbau's rapid global and market expansion and include company representation from its 14 global branches and headquarters, as well as members of the Girbau family," said Jorgensen. "We will showcase new washers, ironers and control technology, as well as specials and promotions."

Booth 3119 will showcase Express Laundry Center®, according to Jorgensen. Express Laundry Center is a nationally branded and turnkey vended laundry package that teams high-speed ExpressWash® Washers and ExpressDry® Dryers with multiple services and local marketing and management support. Vended laundry products, new control technology and new machine introductions will also be featured.

"Express Laundry Centers offer investors a highly efficient laundry that uses less natural gas, water and electricity," said Jorgensen. "They offer a 60-minute wash/dry/fold, unique in-store

services and operational efficiencies. This sets Express Laundry Centers apart, which gets investors excited.”

Booth 3119 will include the latest industrial and on-premise laundry technology, products and automation. Continental, Girbau and Girbau Industrial washers, dryers, feeders, ironers, folders and stackers, along with control technology and networking communication, will be displayed. A TBS-50 Continuous Batch Tunnel module will also be on hand.

“Continental will offer visitors highly personal attention and training opportunities,” Jorgensen said.

To find out more about Continental laundry products, visit www.continentalgirbau.com or call 800-256-1073.

Continental Girbau Inc. is the largest of 14 subsidiaries of the Girbau Group, based in Vic, Spain. Girbau laundry products – marketed throughout 90 countries worldwide – meet rigorous environmental and safety standards established by the International Organization for Standardization (ISO). Girbau S.A. holds both ISO9001 and ISO14001 certifications. Ever focused on laundry efficiency, Continental Girbau is a member of the U.S. Green Building Council (USGB), a 501(c)(3) nonprofit that developed the Leadership in Energy and Environmental Design (LEED) Green Building Rating System.
