### Continental names 2014 Distributors of the Year

Oshkosh, Wis.-- Fowler Equipment Co. (Fowler), in Bloomfield, N.J., recently received Continental Girbau Inc.'s (Continental) 2014 Vended Laundry Distributor of the Year award, an honor that distinguishes distributors for outstanding performance in the vended laundry market. Simultaneously, Coronet Equipment (Coronet), in Edmonton, Alberta, received the Canadian Distributor of the Year award for outstanding sales and distribution in both the vended and on-premise laundry markets.

- Fowler is among the largest on-premise, vended and multi-housing laundry equipment distributors in the Mid-Atlantic region. A 65-year-old company, Fowler is a consistently high performer and valued partner of Continental, according to Joel Jorgensen, vice president of sales and customer services. The full-service operation offers unrivaled technical service and parts, as well as expert assistance with vended laundry development. "The people at Fowler develop lifelong friendships with their customers," said Jorgensen. "It's no wonder that a large percentage of Fowler's business comes from vended laundry owners developing multiple stores." Fowler specializes in vended laundry site analysis, design, construction, training and marketing. Dedicated to unrivaled service, Coronet assists in vended laundry site selection, financing, equipment, store layout and management. For on-premise laundries, Coronet helps evaluate and design laundries with equipment to meet the specific efficiency, labor and productivity needs of a range of

businesses. “Coronet is a continuously high performer serving a sprawling territory,” said Joel Jorgensen, vice president of sales and customer services. “The Rosen family works tirelessly to help out customers – developing appealing, productive and profitable vended laundries.
